

# COVID measures for a pleasant & safe stay!

---

Here is a brief explanation of our current policy with regard to COVID-19. We apply the guidelines and advice of both the RIVM and the Safety Region Zeeland. These measures apply until further notice. In concrete terms, this means the following:

## Mouth mask

In accordance with the current advice of the RIVM, wearing a mouth mask within our hotel is mandatory. This applies to both guests and our own staff.

## Distance

The distance of 5 feet is again an obligation. Our hotel is spacious so that the distance between them can be kept.

## Disinfection points

You will find these at various public places in our hotel.

## Cleaning

Additional cleaning rounds are carried out by our housekeeping department, paying particular attention to door handles, banisters, public toilets, etc. We also carry out periodic ozone disinfection work in our hotel rooms and general areas.

## Food & Drink

- Unfortunately, our bar and restaurant are closed until further notice.
- Breakfast. Your breakfast is composed by yourself using our order form or buffet and is packed for take-away to be consumed in your room.
- Lunch and dinner. From 12.00 noon we offer our take-away menu, easy to order by QR-code, by phone or on the spot in our restaurant.

## Facilities

Our facilities (indoor pool, wellness, sauna, gym and dressing room) are unfortunately closed.

**We remain at your entire disposal for any further inquiries you might have.**

*Have a pleasant stay!*
