

COVID measures for a pleasant & safe stay!

Here is a brief explanation of our current policy with regard to COVID-19. We apply the guidelines and advice of both the RIVM and the Safety Region Zeeland. These measures apply until further notice. In concrete terms, this means the following:

Corona Access ticket

As prescribed by the government, we work with a corona access card. However, this corona check is only necessary when entering our bar and restaurant (at breakfast, lunch and dinner). At the reception, an employee of De Zeeuwse Stromen will perform the access control by scanning your QR code or paper proof of vaccination, recovery or test certificate, then you will receive a wristband which gives you access to our catering facilities and our beach pavilion De Haven van Renesse.

Mouth mask

Due to the current situation and the increasing number of infections, it is urgently advised to wear a face mask in the public areas (public toilets, hotel corridors) of this building.

Distance

The distance of 5 feet between each other will be removed by introducing the corona access card. However, our hotel is spacious and sufficient distance can be kept if desired.

Disinfection points

You will find these at various public places in our hotel.

Cleaning

Additional cleaning rounds are carried out by our housekeeping department, paying particular attention to door handles, banisters, public toilets, etc. We also carry out periodic ozone disinfection work in our hotel rooms and general areas.

Food & Drink

- Breakfast. We use breakfast shifts with successively the following entry times (7.30, 8.00, 8.30, 9.00, 9.30, 10.00). When busy, we deviate to an extra shift with a walk-in time at 10.30. During check in, you make this choice known in advance at the reception
- Lunch. We offer an extensive à la carte lunch menu;
- Dinner. You dine à la carte with us. As of Saturday November 13 our restaurant will be open daily until 20:00. We have adjusted our dinner times accordingly. We use shifts with the following entry times: 16:30, 17:00, 17:30, 18:00 and 18:30. Please make this preference known in advance at the reception;
- Bar. As of Saturday 13 November our bar will be open daily until 20:00.

Facilities

In line with the current legal requirements our facilities (indoor pool, wellness, sauna, gym and changing room) are open for use by our hotel guests.

Please read more on the back of this page.

Have a pleasant stay!

COVID measures for a pleasant & safe stay!

Key

From a hygienic point of view, you are free to keep your key with you during your stay; you only need to hand it in on departure.

Telephone accessibility reception

In the event of a question or emergency, you can reach our reception with your mobile phone at the following telephone number: +31 (0) 111 462 040.

We remain at your entire disposal for any further inquiries you might have.

Have a pleasant stay!
